Dear Bernice:

Thanks so much for asking me to give a testimonial about Whispering Knoll. Here it is.

"I can't say enough good about Whispering Knoll. It has saved my life and, in turn, given my mother, Mary Kozel, a life she never had before. The accommodations, meals, nursing care and concern, crafts, entertainment and everything else included, has made her independent again and in control of her own life. I lived with her for approximately 11 years before she came to Whispering Knoll and I can tell you are relationship was getting very strained.

I work full time and I am her only living relative which put all the burden on me. A short time after moving her into WK, I took a two week vacation to California which I never could have done while she was still at home. Neighbors are good but not as good as WK."

I hope this will add to your list of testimonials. Truly, WK is my life saver!

Sincerely,

  
Rosemary McMullen
